About AMA Racing

AMA Racing is the competition arm of the American Motorcyclist Association and is the leading sanctioning body for motorcycle sport in the United States. Its professional properties include the AMA Supercross Series, the AMA Motocross Championship, the AMA Superbike Championship, the AMA Flat Track Championship, AMA Hillclimb Championship, the AMA Supermoto Championship and the AMA Pro ATV Championship. In amateur and pro-am competition, AMA Racing sanctions over 4000 events in 24 different disciplines and supports over 110 thousand active members.

For more information about AMA Pro Racing, visit www.amaproracing.com.

About the American Motorcyclist Association

Founded in 1924, the AMA has an unparalleled history of pursuing, protecting and promoting the interests of the world's largest and most dedicated group of motorcycle enthusiasts. The AMA focuses on rights, riding and racing through its government relations work, by sanctioning road and off-road riding activities and overseeing professional and amateur racing events.

In addition, the AMA is the sole American affiliate of the Fédération Internationale de Motocyclisme (FIM), the international governing body for motorcycle sport and touring activity.

The AMA's headquarters in Pickerington, Ohio, is also home to the Motorcycle Hall of Fame Museum. The Hall of Fame honors those who have contributed notably to our sport and the Museum's three galleries present rotating exhibits of interest to motorcyclists and the general public.

If it's motorcycling, the AMA is very likely involved in it.

An Introduction to AMA Motocross and Supercross

When motorcycle racing resumed following World War II, U.S. motorcycle racing focused primarily on flat track, as it had before the war. Races were held on the numerous dirt ovals and horse tracks across the country, along with a limited schedule of AMA National road racing events. Meanwhile, the first motocross races were being organized in post-war Europe.

In 1947, the Federation Internationale Motocyclisme (FIM) created the Motocross des Nations, an annual event to determine the World Team Motocross Champions. In 1957, the FIM fully embraced motocross by creating an individual World Motocross Championship Series.

Early motocross machines were relatively primitive by today's standards. They were heavy, underpowered, and equipped with rudimentary suspension systems that did little to smooth out the rough terrain. But motocross had two undeniable elements that promised future success: it provided an affordable but highly challenging sport for participants, and offered incredible, up-close action for spectators.

In the late 1960's, the European masters of motocross began to export their talents and technology to North America, where a related discipline of "rough scrambles" had developed independently. In a matter of a few years, motocross had taken hold in America.

The AMA held a variety of amateur and Pro-Am motocross races in the late sixties. By 1972, American racers had motocross fever, and the AMA established a formal National Championship Motocross Series.

At the time, US riders could only dream of beating their more experienced European counterparts. But international stars, led by Belgium's Roger DeCoster, gave the Americans something at which to shoot. And by the time the 1980's rolled around, the Americans had learned the lessons well enough to dominate the sport. During this decade of motocross racing, the United States delivered to the motorcycling world a new development that has changed the very face of the sport.

In 1971, the AMA conducted a professional motocross race on a temporary track at Daytona International Speedway. While most motocross races had been held in the remote, rural countryside, Daytona brought motocross to the people. A year later, the concept was taken a step further - motocross was brought to major urban sports stadiums, beginning with the Los Angeles Coliseum. The term "Supercross," a combination of Super Bowl and Motocross, was coined. Meanwhile, the popularity of the AMA National Motocross series continued to grow. Race weekends developed into well-organized weekend festivals in the countryside, and the level of competition just kept getting better.

In the 80's and 90's, teams, motorcycle manufacturers, broadcast partners, race facilities and sponsors worked together to bring the sport to new audiences. Top motocross/supercross riders became household names, and off-road motorcycle sales soared across the country.

In 2008, Live Nation Motor Sports, Inc. together with the American Motorcyclist Association (AMA) and the Federation Internationale de Motocyclisme (FIM) announced the consolidation of the AMA Supercross Series and the FIM World Supercross GP into one unified championship.

Today, the AMA Motocross and Supercross Championships are undisputedly the top motocross and Supercross series in the world and draw elite rider talent from every corner of the globe. An international cadre of manufacturers-who target their best equipment and development teams at these series-support racers in their quest for Championship titles.

The AMA Motocross and Supercross Championships are America's best-attended motorsport on dirt. Millions more worldwide follow both series via television and the Internet.

The AMA Motocross and Supercross Championships include two classes of competition based on engine size and type: AMA Supercross, for 250cc two-stroke and 450cc four-stroke machinery, and AMA Supercross Lites, for 125cc two-stroke and 250cc four-stroke equipment. This same structure applies to the AMA Motocross and AMA Motocross Lites classes.

AMA National Championship titles are presented in the AMA Supercross, AMA Motocross and AMA Motocross Lites classes. The AMA Supercross Lites class is split into eastern and western regional divisions.

Race Related Terminology

AMA American Motorcyclist Association

CC Cubic centimeters in reference to engine displacement.

Claiming Procedures for competitors to purchase motorcycles or parts that another competitor has used in final event competition.

Displacement The space covered or volume swept out by the engine piston at each stroke.

Disqualification Unless otherwise specified, the forfeiture of all points, awards and prizes earned during a particular race.

Flaggers Workers stationed at various points around the track to advise riders of track conditions by using different color flags. Also known as “corner workers.”

Get Off A crash

Heat Race A qualifying race determining which riders advance to the main event.

High-side A crash where the rider goes over the top of the bike, as opposed to laying it down, or a “low-side.”

Hole Shot Taking the lead into the first turn of a race.

Homologation The process of acquiring eligibility for a motorcycle to be entered in competition. Homologation rules are formulated to create parity among race bikes, and to maintain a level playing field for competitors.

LCQ Last Chance Qualifying race: where a limited number of top finishers advance to the main event.

Line The fastest way around the track, or through a particular part of the track. Can vary with changing course conditions.

Lites A class for 125cc two-stroke and 250cc four-stroke equipment in AMA Supercross and AMA Motocross Championships.

OEM Original Equipment Manufacturer.

Pit /Paddock Area primarily designated for the preparation and maintenance of race equipment. May also include parking for transporters and other support vehicles.

Pit crew Mechanics and/or team assistants.

Privateer A racer competing without benefit of a factory contract or major sponsor support.

Program The predetermined outline of events that make up a race.

Qualify To advance to the final race event by time trial or finish position in a heat race.

Seize When an engine fails due to excessive heat buildup.

Stoppie Riding on the front wheel only, usually under hard braking.

Thumper Descriptive term for a four-stroke motorcycle engine in regard to the deep sound of the exhaust.

Wheelie Riding on the rear wheel only, usually under hard acceleration.

Wrench Slang for mechanic.

Works Refers to parts being tested in competition by a manufacturer.

*Career number

Number 4 (Carmichael, Ricky) is a retired number

Troy Adams

Birth Date: February 19, 1983
Birthplace: Brooksville, FL
Residence: Brooksville, FL
Height: 6' 1"
Weight: 185 lbs
Turned Pro: 2001
National Number: 44

Year-end ranking

2007 9th (WSX), 16th (MX)
2006 10th (MX Lites)
2005 6th (ESX)
2004 8th (WSX), 11th (125MX)
2003 20th (WSX), 28th (125MX)
2002 24th (ESX), 34th (125MX), 55th (250MX)

Career Highlights

2007 007 Adams earned his best Supercross Lites finish of sixth-place at the Jan. 6 Anaheim, Calif. race... Raced in the AMA Motocross Championship, his best result an eighth-place overall finish at Southwick, Mass... Raced with Team Rockstar Suzuki.

2006 Adams earned his season-best finish, a fourth-place overall, in the AMA Motocross Lites race at Washougal, Wash... Raced with Monster Pro Circuit Kawasaki team.

2005 Adams earned an AMA 125 East Region Supercross podium finish at Daytona Beach, Fla... Raced with Samsung Wireless Honda team.

2004 Adams contested the AMA 125cc West Region Supercross series, earning fifth-place finishes at the first and third Anaheim, Calif. rounds... Raced in the AMA 125cc Motocross Championship, his best overall result a third-place at Delmont, Pa... Raced with Team O'Neal Kawasaki.

Jeff Alessi

Birth Date: March 27, 1989
Birthplace: Glendale, CA
Residence: Victorville, CA
Height: 5' 11"
Weight: 152 lbs
Turned Pro: 2005
National Number: 46

Year-end ranking

2007 11th (ESX), 18th (MX)
2006
2005 41st (250MX), 24th (125MX)

Career Highlights

2007 Jeff raced in the AMA Supercross Lites East Region Series, earning three, top-10 finishes... Raced in the AMA Motocross Championship, earning a top-10 finish at Buchanan, Mich... Raced with Team Red Bull KTM.

2006 Jeff did not race while recovering from serious foot injuries.

2005 Jeff contested the AMA 125cc Motocross Championship, earning a season-best, ninth-place overall finish at San Bernardino, Calif... He contested a few rounds of the AMA 250cc Motocross Championship, best result 17th-place at Southwick, Mass... Raced with Red Bull KTM team.

Mike Alessi

Birth Date: May 19, 1988

Birthplace: Canoga Park, CA

Residence: Victorville, CA

Height: 5' 7"

Weight: 140 lbs

Turned Pro: 2004

National Number: 800

Year-end ranking

2007 8th (ESX), 2nd (MX)

2006 4th (WSX), 2nd (MX Lites)

2005 3rd (125MX)

Career Highlights

2007 Retiring racer Ricky Carmichael raced a limited AMA Supercross season, but earned two wins and five podium finishes in seven starts... Raced in the AMA Motocross Championship, earning six wins in the six starts of his "farewell" season... Topped off the AMA MX/SX All-Time National Win record with 150... Member of

Monster Energy AMA Team USA, which won the Motocross of Nations at Budds Creek, Md... Raced with Makita Suzuki team.

2006 After completing yet another record-setting, two championship year, Carmichael announced his semi-retirement... He took six victories in the AMA Supercross Series on his way to winning that title... He earned nine overall wins in the AMA Motocross Championship, clinching the title with two rounds remaining on the schedule, and setting a record 70 career AMA Motocross wins... Served as captain of Team AMA USA, which won the Motocross of Nations in England... Named AMA Athlete of the Year for a record fifth time... Raced with Team Makita Suzuki.

2005 Another year of domination for Carmichael... Won the AMA 250cc Supercross title with seven wins and podium finishes at every other round... Won the overall victory at every round of the AMA 250cc Motocross Championship... Member of championship-winning USA Motocross of Nations team... Won the U.S. Open of Supercross... Raced with Makita Suzuki team... Named 2005 AMA Athlete of the Year.

2004 Carmichael missed the AMA 250cc Supercross season to recuperate from injury, but came back to win every moto of the AMA 250cc Motocross Championship, the second perfect season of his career... Won the AMA Athlete of the Year Award for a third time... Raced with American Honda.

2003 Carmichael continued his reign of dominance, winning the AMA 250cc Supercross Championship for the third consecutive time with seven wins and eight additional podium finishes in the 16-round series... In the AMA 250cc U.S. Motocross Championship, Carmichael took overall victories at all but two season races on the way to earning his seventh consecutive AMA National Motocross Championship title... Raced with American Honda.

2002 Carmichael wrote a new chapter in the 250cc AMA U.S. Motocross record book, adding the first perfect season in AMA Motocross history... He earned 24 straight moto victories for 12 overall wins, and was awarded with his sixth consecutive AMA National motocross championship title... Carmichael also dominated the AMA U.S. Supercross Championship, winning that title for the second year in a row, with 11 victories in the 16 round series... Raced with American Honda.

2001 Another stellar season for Carmichael... He won the AMA 250cc Supercross Championship with 14 victories in the 16-race series, and took podium finishes at the remaining two series races... He captured the AMA 250cc motocross championship, taking the overall win at seven rounds of the 12-race series, and two additional overall podium finishes... Raced with Team Chevy Trucks Kawasaki.

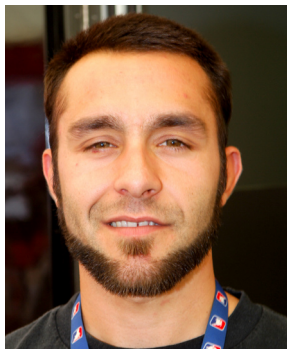

2000 Carmichael took his first AMA EA Sports 250cc Supercross win at Daytona, and had an additional five series podium finishes... He dominated the AMA 250cc U.S. Motocross Championship, taking nine overall victories and won the series title... Member of Team Chevy Trucks USA, which returned the FIM Motocross des Nations trophy to the US after a three-year absence... Raced with team Chevy Trucks Kawasaki.

1999 An early season injury put a damper on Carmichael's first year in AMA 250cc Supercross. His best series finishes were fourth-place at Tampa and Daytona Beach, Fla... Returning to his trusty 125cc machine for the AMA Motocross Nationals, Carmichael took his third consecutive series championship with nine overall wins and two additional overall podium finishes... Member of U.S. Motocross des Nations team... Raced with Pro Circuit Kawasaki team.

1998 Carmichael continued his winning ways in 1998, capturing the 125cc Eastern Region Supercross championship by winning every round of the series, the first rider in history to do so. Carmichael went on to lock up the 125cc Mazda Truck Motocross Nationals championship with one round remaining on the schedule... Took eight overall motocross wins and an additional podium finish... Rode for Pro Circuit Kawasaki.

1997 Carmichael blazed into his first professional 125cc Supercross season, taking Eastern Region wins at Atlanta, Orlando, Fla. and Charlotte, N.C.... Had a stellar year in the 125cc National Motocross series, winning the championship with eight overall wins and three podium finishes... Rode for Team Splitfire/Pro Circuit.

1996 A record-setting rider in AMA Amateur Motocross, Carmichael rode in his first pro race in the final 125cc Motocross event of the year at Delmont, Pa., and finished eighth... Earned AMA Motocross Rookie of the Year Award.

AMA Motocross/Supercross Rules Brief

The following section contains excerpts from the Official AMA Pro Racing Supercross/Motocross Rule Book. For complete rules, consult Official Rule Book.

Equipment Standards

The motorcycles for use in Motocross, Supercross, Motocross Lites, Supercross Lites and Arenacross competition require homologation approval granted by AMA Pro Racing. The rules concerning these motorcycle components are intended to give freedom to modify or replace some of the parts in the interest of safety, research and development, but with constraints imposed to limit cost. Superseded or redesigned parts must be submitted to AMA Pro Racing for review and approval before their use in competition. These parts must be listed in the current OEM parts list supplied to AMA Pro Racing.

A. Engine Displacements

1. Motocross Lites / Supercross Lites Class
 - 0 - 125cc 2-stroke
 - 0 - 250cc 4-stroke
2. Motocross / Supercross Class
 - 150 - 250cc 2-stroke
 - 251 - 450cc 4-stroke

Race Rules

A. The Racing Program

1. Motocross events are composed of two Motos in the Motocross and Motocross Lites classes. Each Moto has a maximum of 40 riders and is 30 minutes plus 2 laps in duration.
2. Supercross events are composed of a 20 lap final race for 20 riders in the Supercross class and a 15 lap final race for 22 riders in the Supercross Lites class. The field is qualified through a series of heat races staged throughout the event.

B. Participant Regulation

Every club, association, company, promoter, rider, and all other persons participating in or in any way connected with an AMA race event, will be considered participants and therefore bound by the AMA Pro Rulebook.

C. Bulletins and Supplementary Regulations

Competition Bulletins or Supplementary Regulations established by the AMA for the purpose of implementing, interpreting and enforcing these Competition Rules will be considered part of the Rules.

D. Substance Abuse Policy

1. In the interest of maintaining the integrity of motorcycle sports, the AMA has established a Substance Abuse Policy.
2. Random tests for drugs and alcohol may be conducted at the discretion

of AMA Pro Racing.

3. Compliance with the AMA's Substance Abuse Policy is an essential precondition to the issuance of Professional Competition licenses.
4. Any violation of the policy or refusal to submit to testing as requested by AMA Pro Racing will result in the immediate revocation of the competitor's license and loss of all rights to compete in AMA Professional or Amateur sanctioned events.
5. See Appendix B, "Substance Abuse Policy".

E. Intravenous Re-hydration

1. At no time during the event will a rider receive any type of intravenous re-hydration unless such re-hydration is deemed medically necessary by medical personnel as a result of an emergency medical situation (e.g. heat stroke) encountered by a rider, during, or as a result of competing in, an event, practices, heat races or qualifying sessions which are part of an event.
2. Once a rider receives such re-hydration during the event, the rider will not be permitted to compete in any further events including, but not limited to, any further practice sessions, heat races, qualifying sessions or final events comprising any event in the meet unless and until the rider is released by the medical personnel who treats the rider for the specific emergency medical situation at issue.

F. Track Rentals

1. Exclusive race track rentals for the purpose of testing or practice within 72 hours of an event that will take place at the rented facility is not permitted.

G. Inclement Weather / Unacceptable Track Conditions

1. Events may be conducted regardless of weather conditions.
2. In the event of rain or other unfavorable conditions, it may be necessary for the Race Director to alter the order of the event schedule, including, but not limited to: adjusting the length of races, practices and qualifying sessions, and delaying or stopping the program completely.
3. Should a delay occur, the Race Director will make every effort to resume the schedule in a timely fashion if conditions significantly improve.
4. If an event is stopped due to weather or other conditions, riders will be paid for purse paying events which have been completed.

H. Motorcycle Usage

1. Riders must use the same motorcycle (same main frame) for qualifying and the main program.
2. The Series Manager or Race Director may grant permission to change the main frame if it is damaged.
3. Riders must use the same motorcycle for parade or sighting lap as the race.

I. Pit/Paddock Regulations

1. Riding of competition motorcycles, other than on the racetrack or designated test area, is discouraged.
2. Operation of a vehicle in the paddock must be at a very slow, acceptable speed (10 MPH maximum).
3. A rider or mechanic testing a motorcycle in the designated test area, must wear a helmet and be dressed to offer some protection (pants, shirt, and shoes).
4. Smoking is not allowed in pits, grid, signal area, or other restricted areas.
5. Persons less than 16 years of age are not allowed in pits, grid, signal area, or other restricted areas.
6. Pets are not allowed in pits, grid, signal area, or other restricted areas.
7. Pets in the paddock must be on a leash or properly contained.
8. All persons in the pits, grid and signal areas must be in proper dress (shirts must have a collar; open-toe shoes, cut-offs, and sleeveless shirts/tank tops are not permitted).
9. Before leaving a race facility it is the responsibility of riders/teams to deposit all of their waste fuel, fuel drums, motor oils, coolants, tires, batteries and all other hazardous wastes in the racetrack provided, proper hazardous waste disposal area. Should containers not be available onsite, riders/teams must transport such items from the facility for proper disposal.

J. Rider Meetings/Briefing

1. All riders entered in the event must attend the riders meeting.
2. The Race Director may call roll or spot-check attendance.

K. Technical Inspections

1. Technical inspections of motorcycles, equipment and riding apparel will be held prior to and after a race event, or at other times as determined by the Race Director or Chief Technical Inspector.
2. Although the motorcycle, equipment or apparel passed prior inspections, the motorcycle, equipment or apparel must be in compliance with the rules at the post-race inspection.
3. Only motorcycles having passed tech inspection will be allowed on the race track.
4. Motorcycles must be class legal and must meet all equipment requirements.
5. More than one motorcycle per class may be presented and passed through initial technical inspection provided frame numbers are properly recorded indicating race motorcycle and practice motorcycles.
6. The Series Manager or Race Director may require post-race teardowns to begin following the completion of the event.
7. During post-race technical inspections or teardowns, only two working mechanics for each impounded motorcycle are permitted in the inspection/impound area.
8. Only AMA officials or AMA designated personnel may inspect impounded motorcycles or equipment.

L. On Track Regulations

1. No rider may ride in such a manner as to endanger life or limb of other riders, officials or the public.
2. No one, except riders officially entered, may ride or practice on the race course on the day of the event.
3. Unofficial practice on the day of the race is prohibited.
4. Unless directed to do so by the Race Director or his designee, no one will be permitted to ride a motorcycle in the wrong direction on the track.
5. Except in the designated mechanics area no adjustment, repairs or refueling may be made to competing motorcycles by pit crews during a race. Riders must pull into the designated mechanics area and be off the race track before receiving crew assistance.
6. A rider may make repairs during a race, without assistance, in a suitable area off the racetrack.
7. Outside assistance to a rider on the course is forbidden except when the assistance is given by flag marshals or officials placed by the Race Director for the purpose of control and safety with the following exceptions:
 - a. Assistance by crew members is permitted during practice.
 - b. Assistance by crew members is permitted from the starting gate up through the first turn following the start of a moto. (first lap only)
8. A rider leaving the course may continue the race by properly re-entering the track at the closest point to where the rider left the course without gaining an advantage.
9. It will be the duty of the Race Director or his designee to make the determination as to whether a rider gained an advantage by leaving the race course and re-entering.
10. A rider may be determined to have gained an advantage without gaining a position.
11. In programs that require qualifying races, a rider must attempt to start a qualifier in order to be eligible for the main event.
12. Testing of equipment considered acceptable by AMA Pro Racing may be conducted during the practice sessions, under the control of the Race Director.

Flags and Lights

1. Operational Flags/Lights
 - a. Green Flag: Indicates the start of a race or clear track conditions.
 - b. Checkered Flag: Indicates the end of a race or practice session; proceed to the designated track exit.
 - c. Red Flag: Indicates the race has been stopped. Reduce speed and proceed safely to the staging area.
 - d. Red Flashing Light: In Supercross, a red flashing light may be displayed at the beginning of a triple jump or a series of jumps. Riders must roll each jump individually with no passing and exercising extreme caution, until they are past the area of concern.
 - e. Black Flag: Indicates a problem with your motorcycle or a disqualification. A number board displayed with the flag indicates the rider being signaled. Carefully reduce speed and proceed around the course to the pit. Black-flagged riders are not permitted to return

to the race course unless cleared by the Race Director.

2. Warning Flags

a. Yellow Flag:

Stationary Yellow Flag: Indicates a potentially hazardous situation on or near the track.

*Passing is allowed.

*Exercise caution.

Waving Yellow Flag: Indicates serious hazard on or near the track.

*Passing is allowed.

*Proceed with extreme caution.

b. Light Blue Flag with Diagonal Yellow Stripe:

*Indicates you are about to be overtaken by faster riders.

*Hold your line and do not impede their progress.

*Riders disregarding this flag may be black-flagged at the discretion of the Race Director.

c. White Flag with Red Cross:

In Supercross this flag or a red flashing light displayed at the beginning of a triple jump or a series of jumps. The riders must roll each jump individually with no passing and exercise extreme caution, until the riders are past the area of concern.

3. Courtesy Flags

a. White Flag: Indicates the final lap of a race.

b. White and Green Flags Crossed: Indicates 1/2 total race distance.

Red Flag Race Stops and Restart Procedures

- a. Any race start or restart will be considered an official part of the event even if the start or restart does not result in a lap being completed by the leader. Therefore, any infractions will be deemed valid and ruled upon accordingly.
- b. In the case of a false start (gate malfunction), a race will be restarted with the riders returning to their original starting positions.
- c. Riders who are not present at the starting gate for the original start of a race are barred from any subsequent restarts.
- d. Riders who are present at the gate but are unable to start due to a stalled motorcycle may join the race from the starting area until the time the race leader completes the first lap.
- e. Riders who are unable to join the race by this procedure are barred from any subsequent restarts.

Qualifying at Motocross Races

- a. The current top 10 riders in points will be automatically seeded into Sunday's Motos.
- b. All riders will be randomly divided into two practice and timed qualifying groups (A or B) for each class. Riders in practice group A must ride timed qualifying group A. Those in practice group B must ride timed qualifying group B.
- c. The top 12 riders from each timed qualifying group of the Motocross Lites and Motocross class will be advanced to Sunday's Motos.
- d. Riders who are not top 10 in points or did not advance through timed

qualifying on Saturday will go to Sunday's consolation race.

Motocross Races

- a. For qualified riders, the Sunday program will consist of one practice session and one timed qualifying session per class. The Sunday timed qualifying session will be used to determine the order in which riders choose their starting position. This order will remain the same for each moto.
 - b. The consolation race for each class will be used to fill the remaining starting positions. A minimum of 6 riders will advance from the consolation race.
 - c. Additional riders will be taken from the consolation race if seeded riders are not present at the event or a qualified rider has withdrawn from the event prior to the consolation race. The motos will consist of 40 riders maximum
- Each class will race two motos, 30 minutes plus 2 laps in length.

In Motocross, there will be a minimum 45-minute interval between the end of moto one and the start of moto two in the same class.

Motocross and Motocross Lites Restarts

- a. Should a race be stopped before 15 minutes of the moto has elapsed, it will be restarted at the beginning of lap one using the original starting positions as soon as possible, maximum of 10 minutes, providing track conditions allows.
- b. Should a race be stopped with 15 or more minutes elapsed, the race will be considered complete. Riders' finish positions will be determined by their race positions, not track positions in the lap preceding the red-flagged lap.

Motocross Scoring

- a. Riders earn championship points in each of the motos according to their respective finish positions. (See Championship Points Schedule)
- b. Winners are determined on the basis of total points earned in each moto.
- c. Once all riders earning championship points have received an overall finish position, the remaining riders who did not earn any championship points will be scored by combining their moto finishes. These riders will be ranked by combined moto finish.
- d. In case of a tie, the winner of the tie will be determined on the basis of points earned in the final moto.

Qualifying at Supercross Races

- a. All practices will be timed.
- b. Afternoon qualifying practices will be used to compile the 40 fastest riders (the "Fast 40") in the Supercross and Supercross Lites classes. These 40 riders will advance to the Evening program.
- c. Afternoon qualifying practices will also be used to determine the

order for gate picks in the Heat Races. The fastest rider will be the first gate pick in the second heat. The second fastest rider will be the first gate pick in the first heat race and so on until all qualifying riders are placed in a heat race.

- d. In the Supercross class only, a rider who is currently in the Top 10 in points that fails to make the Fast 40 in qualifying practices will be placed on the 21st gate pick in the first heat race.

There will be no reserve riders at Supercross Races.

Supercross Races

- a. The Evening Program in Supercross will consist of 2 Heat Races, 1 Last Chance Qualifier, and 1 Main Event.
- b. In the Heat Races, 1st through 9th will advance to the main event; 10th through 20th will advance to the Last Chance Qualifier.
- c. In the Last Chance Qualifier, 1st and 2nd will advance to the main.
- d. A Supercross rider in the Top 10 in points from the present season that fails to qualify out of a Heat or LCQ can be placed on the 21st gate pick for the Main Event. This special advancement will only be given to a rider in the Top 10 in points and may only be used twice in the 2008 season.
- e. The Supercross Main Event will be 20 Laps.
- f. The first rider across the finish line at the conclusion of twenty laps is the winner.

Qualifying at Supercross Lites Races

- a. All practices will be timed.
- b. Afternoon qualifying practices will be used to compile the 40 fastest riders (the "Fast 40") in the Supercross and Supercross Lites classes. These 40 riders will advance to the Evening program.
- c. Afternoon qualifying practices will be used to determine the order for gate picks in the Heat Races. The fastest rider will be the first gate pick in the second heat. The second fastest rider will be the first gate pick in the first heat race and so on until all qualifying riders are placed in a heat race.
- d. There will be no reserve riders at Supercross Lites Races.

Supercross Lites Races

- a. The Evening Program in Supercross Lites will consist of 2 Heat Races, 1 Last Chance Qualifier, and 1 Main Event.
- b. In the Heat Races, 1st through 9th will advance to the main event; 10th through 20th will advance to the Last Chance Qualifier.
- c. In the Last Chance Qualifier, 1st thru 4th will advance to the main.
- d. The Supercross Lites Main Event will be 15 Laps.
- e. The first rider across the finish line at the conclusion of fifteen laps is the winner.

Supercross and Supercross Lites Restarts

- a. When a main event race is stopped with three laps or less completed by the leader, it will be restarted at the beginning of lap one using the original starting positions.

Race Finishes

- a. Races are officially ended for all contestants at the completion of the lap in which the checkered flag is displayed to the winner.
- b. To be considered as having completed a lap, the rider and his motorcycle must cross the plane of the checkered flag.
- c. Riders will be credited with all laps they complete during a race unless a penalty has been assessed.
- d. Riders choosing to leave a race before its completion need not wait for the checkered flag to receive credit for laps they have completed.
- e. Should the checkered flag be displayed later than the official distance, the finishing order will be decided on the basis of the official distance.
- f. A motorcycle that enters the paddock during a race will not be permitted to return to the race track.
- g. Under any other circumstances, the winner is the leader at the time the checkered flag is displayed.
- h. Should a rider be given the checkered flag ahead of the actual winner, or with the winners, the rider will be scored as having completed the race in the race position the rider was running at that time.
- i. A video camera may be used at the finish line to aid the scorekeepers in determining the finishing order of a close race. Should video footage from an AMA designated camera be unavailable or inconclusive for any reason, the scoring of the finish will be based solely on the scorekeepers' decision.
- j. Any riders who do not complete the checkered flag lap will be scored in order of finish and laps completed.
- k. A rider whose motorcycle is disabled before reaching the finish line may, by the rider's own unaided muscular energy, push or carry the motorcycle in the proper direction of the track to complete the race by crossing the finish line, unless the rider is determined to be a hazard by the Race Manager.

Championship Points

- a. Motocross and Motocross Lites
 1. When the results of Motocross or Motocross Lites Championship races are declared official, Championship points will be awarded down to twenty places for each moto.
 2. The Motocross and Motocross Lites Series Champion will be decided based on the total series points accumulated from each moto.
 3. In the event of a tie for the championship, the winner will be determined based on the number of moto wins during the Motocross or Motocross Lites series.
 4. Should it still remain a tie, finishes of second, third, etc. will be tallied until the tie is broken.
 5. If a tie remains, the final moto finish at the last event will determine the champion.
 6. In all other cases, the final moto finish at the last event will determine the final position.

b. Supercross and Supercross Lites

1. When the results of Supercross or Supercross Lites events are declared official, Championship points or Supercross Lites East / West Regional points will be awarded down to a maximum of twenty places for the overall results of the main events.
East/West Regional Champion will be decided based on the total of series points accumulated from each main event.
- c. In the event of a tie for the championship, the winner will be determined based on the number of main event wins.
- d. Should a tie still remain, finishes of second, third, etc. will be tallied until the tie is broken.
- e. If a tie still remains, the best finish in the last race will determine the champion.

Championship Points Schedule

Points will be awarded for each moto in Motocross and Motocross Lites and Supercross and Supercross Lites East or West main according to the following schedule:

Place	Points	Place	Points
1st	25	11th	10
2nd	22	12th	9
3rd	20	13th	8
4th	18	14th	7
5th	16	15th	6
6th	15	16th	5
7th	14	17th	4
8th	13	18th	3
9th	12	19th	2
10th	11	20th	1

Motocross, Motocross Lites and Supercross Manufacturer Championship

- a. To establish a manufacturer champion in Motocross and Supercross, points will be awarded to each manufacturer for its highest placed finisher in the Supercross Series and the Motocross and Motocross Lites Series classes.
- b. The same 20 place Championship point schedule applies to manufacturers as it does to the riders in Motocross, Motocross Lites and Supercross.

1974	Pierre Karsmakers, Holland (250cc)	Yamaha

From 1976 on, the Supercross series has been limited to the 250cc class.

The AMA held Supercross races in 1972 and 1973, but no formal series was held in either of these years. Thus the AMA did not declare a champion for either year.
Supercross class known as 250cc prior to 2006
